ICONS

These products are made in house in our UK factory.

A large number of selected ranges are available from our on-trend paint to order palette. Please refer to the Paint to Order Palette below.

Our Made to Measure products are perfect for those that desire alternative sizes to create a bespoke kitchen.

A number of our ranges are available in bedroom door sizes. Please be aware of any special notes next to these.

Doors marked with the Colour Matching symbol can be painted any colour you desire. Be as bold and daring as you like and create a truly unique, personalised kitchen. Just supply us with a RAL (European Standard) or BS (British Standard) colour reference and your kitchen doors will be painted in that exact colour. A sample is always provided Colour Matching beforehand to ensure that the colour is as expected.

LEAD TIMES

Standard lead times are listed next to each range. We will always try to maintain our lead times, however, in times of increased demand and seasonal fluctuations, lead times may be extended.

COLOUR RE-PRODUCTION

The policy of Ultimate Kitchens is one of continued improvement. We therefore reserve the right to alter or amend specifications/dimensions/products without notice. Please note that due to the difficulty of matching true colour in printing, the colours shown within this brochure are only to be used as a general reference.
